## Art in a box: PITT Monochrome Sets

The nude in art class. The country field. The child lost in its own imaginary world – when artists want to express themselves, they need high-quality and varied art supplies to hand in a compact and accessible form. Faber-Castell PITT Monochrome Sets are the perfect solution. The green metal box has everything that amateur artists, students and professionals need to help them turn their particular vision into reality.

The set includes a selection of pencils in different degrees of hardness as well as crayons. The Castell 9000 pencil, praised by van Gogh and Goethe, is a true classic in this range. The Graphite Pure pencil is a master of creating contrasts and shading large areas. The PITT pastels in four colours – medium white, burnt sanguine, Roman sepia and medium burnt black – produce the right nuances and shades to finish with.

The set comes in small, medium and large with the respective amount of contents – a great gift idea, too!
